IDENTITY: Dr. Ivan Dimitrov DOCHEV

Dr. Dochev has been living in Canada since 1951. Until the recent (March 1959) 3rd Bulgarian National Front Convention, Dr. Dochev had been the recognized leader of the BNF in North America. During the convention his leadership was strongly challenged and he lost much of his support. He publishes the pamphlet, "BORNA", for the Bulgarian National Front.

Subject was born on 7 January 1906 in Shumen, Bulgaria. He attended the University of Sofia from 1930 to 1934. During this time he was active in the Bulgarian National Legion and in 1934 was Chairman of the Bulgarian Students League. In 1941-42 he was Mayor of Silistra after which he became Secretary of the Bulgarian Agrarian League. He held this position until 9 September 1944 when he and his wife fled the country and went to Vienna. From 1945 until 1951 he lived in Austria and Germany and then immigrated to Canada where he has resided to date.

He was active in organizing the Bulgarian National Front in 1948 and became a member of the three-man Executive Committee. He received his Doctor's Degree in Law in 1948 at the Heidelberg University. He worked for the U. S. Occupation Forces from 1948 to 1950.

E. E. SANDY
COMMUNIST REPRESENTATIVE

Vienna 2
Krumpholtzhaus 1
22 April 1939

Dear

I have been planning for some time to write you a longer letter and inform you about a number of questions which in my opinion are quite important. In Vienna the political situation in the Immigration (Belgian) is as follows:

1. A group which is under the protection of Dr. G. M. Dinkov exists. The President is Dr. Danka Dinkov. He is one of our former Legionnaires and is still one in his heart. However he is just a front man. The moving force is Stefan Kacharav, a member of the Vienna wing of the Agrarian Party. The decision of this man is very bad. He was in Yugoslavia for many years where he worked for the UDBA. Under his influence the nationalist refugees were returned to Bulgaria and the Communists were certified as reliable emigres. It is also his fault that many good boys have rotted in Serbian prisons. He is also his fault that many good boys have rotted in Serbian prisons. He is just as childish a character as the formerly Tutsu Pover. No one knows the source of his income and he seems to have a lot of money.

2. The second group are the Socialists. They too are Republicans but one can work with them. They are ready for a merger and we organized together an "Association of Belgians in Austria." (VERBAND DER BELGIEN IN OSTERREICH). On 14 March we celebrated the liberation of Bulgaria from the Turkish yoke. I personally opened the festivities with a speech in German. I had to speak in German because we had many guests, some Austrian citizens and others from the various emigre circles such as Czechs, Rumanians, Poles, Ukrainians, etc.

3. The largest group in Austria is still the Nationalist element; in other words the people who have always been against Communism. Now various stupid "refugees" from the Fatherland Front are appearing on the scene and trying to teach us how to fight against our old enemy. We have been on the same front for over twenty years! Dr. G. M. Dinkov was our enemy because he worked with the Communists, so how can he teach us now when we are to fight and how to fight.

In my opinion Vienna is a very important center and our organization here must be guided in a most careful way. I think that it is absolutely necessary that you visit us. This of course if you have the possibility of coming, however Canada costs money. I don't know if you have the possibility of coming, however your presence is necessary. Do not forget that the Bulgarian Legation and its organizations here are very strong. This is mainly because the Legation has lots of money and can always find people who are ready to sell their mother's milk for good pay.

Greetings to all good Bulgarians.
